PROJECTS

Question paper Generator | [PaperGenie.co.in](https://papergenie.co.in)

Jul 2023 – Sep 2023

Enhanced the process of question paper creation by developing an intuitive tool that streamlines and accelerates the task, reducing preparation time by 50%

- Achieved a 40% reduction in question paper creation time, enabling educators to dedicate 20% more time to teaching.
- Transformed user experience by implementing the MathQuill library, enabling seamless input of mathematical equations across diverse subjects; resulted in a 50% increase in user interaction and a 40% reduction in user inquiries regarding equation formatting.
- Optimized user experience by guaranteeing a seamless question creation process, resulting in a 30% reduction in administrative burdens for educators.

Venue Ease | [GitHub Repo](#)

Apr 2023 – Jun 2023

Developed a college venue reservation website, simplifying the booking process for students and faculty. Improved campus event management by centralizing bookings and minimizing scheduling conflicts.

Bus Booking | [GitHub Repo](#)

Feb 2023 – Mar 2023

Built a bus booking system enabling college ID login, Razorpay integration for ticket purchase, and barcode-based digital tickets for efficient boarding.

Text to Image | [GitHub Repo](#)

Jan 2023 – Feb 2023

Implemented a text-to-image generator utilizing the OpenAI API to transform textual descriptions into corresponding images
